

COVID-19 update:

We here at UIC are committed to the ongoing servicing for our partners during this time.

As part of operating within the Financial Services Sector, which is one of the sixteen Federal Critical Infrastructure Sectors, **we are remaining open for business** so that we may continue to support our businesses and our valued partners while practicing social distancing and keeping our staff safe.

Thank you for your continued support as we will work together now and in the future to overcome and adapt to this fluid situation.

UIC Team
